Manifesto: Ball Secretary

by

Ethan Cooper

Introduction

I am excited to announce my candidacy for the ball secretary and Treasurer roles.

The annual winter ball is one of the year's most anticipated events outside the circling of oversubscribed mathematics. I am eager to make sure it is an unforgettable experience for all the members who decide to attend. With my previous within the European Youth Parliament, I understand the importance of staying to strict deadlines, and also, during my Current Role within this organisation, I am an organiser for the autumn national session, helping to obtain sponsorships and venues and also ensuring that everything runs smoothly on the day over the 4-day session. I hope to demonstrate this skill and have an exceptional and enjoyable evening for those participating.

Why Vote for Me?

Strong Organisational Skills

I aim to bring my experience in planning and managing events, ensuring deadlines are met, budgets are adhered to, and logistics run smoothly. I will work closely with the treasurer to carefully consider every detail.

Attention to Detail

This is a key skill required to ensure that small, fine details are important in ensuring the event is successful and enjoyable for all attendees.

Creativity Vision

I want to bring fresh and innovative ideas to the ball, ensuring a unique and memorable experience. Whether it's themed decorations, exciting entertainment, or interactive features, I will ensure the ball stands out as a year's highlight.

Commitment to Accessibility Enjoyment

My goal is to make the event inclusive and enjoyable for all members. I will actively seek feedback to ensure the ball reflects the diverse interests of our society and remains an event that everyone can look forward to.

Plan of Action

- Encourage a fellow student to take up the role of DJ next year (with some pi as bribery!).

- Invite Keith Ball to attend the Ball, as highlighted as an important area of improvement.

- Bring forth a more open process and feedback engagement for improvement for future sessions.
