WARWICK MATHS SOCIETY ELECTION 2025

WILLIAM CANNON

MANIFESTO

CAREERS OFFICER

A VISION

WMS must be a bridge between its members and the industries valuing mathematical talent.

WMS should provide the connections and resources to help you succeed, whether you aspire to work in research, tech, teaching, finance, et al.

As CAREERS OFFICER,

I will ensure the society provides

- ➤ high-quality career support,
- ➤ direct links to top employers,
- > events that prepare students for competitive applications.

HOW I WILL Deliver

- > strengthen society relationships with quant firms, tech companies, consultancies, academic institutions, et al, in order to provide job and internship opportunities.
- \triangleright deliver events covering different these different fields, ensure that \forall (for all) students, \exists (there exists) relevant opportunities
- ➤ bring in alumni working in diverse fields to share their experiences and offer their advice
- ➤ organise maths-specific CV workshops, mock interviews and assessment centre preparation with professionals
- > survey students to identify their career interests and tailor events accordingly
- ➤ develop accessible guidance on applications through online resources, including past internship and job application experiences from Warwick students

WHY me?

- > experienced in mentoring, tutoring and academic outreach
- > ensure that events I run are effective and well-managed
- > committed to delivering value
