

About me

- First year maths student
- Loves drinking, cooking, Mahjong, calculus
- Gavin is my favourite lecturer (low-key underrated)

$$\int_{-\infty}^{\infty} e^{-x^2} dx = \sqrt{\pi}$$

↑ *tuff*

Why me?

- Previous tutoring experience in GCSE Maths and Science
- Passionate in Maths: locked in for Maths Challenges in 6th form (Qualified to BMO :))
- Attention to detail from experience working in warehouse

Jason Kwok

Plans to do

- Organise feedback from first year students about courses
- More drunk integration bee Please!!!
- Help organising more revision sessions for first year to adapt university maths
